Nodal Officer, Swacchata Drive
RGSSH, Delhi

Cleaning of Reception, Corridors and Registration areas.

Cleaning of OPD/IPD/Outer areas

Before	After
OPD Area  A wide-angle photograph of a long, brightly lit hospital corridor. The floor is made of large, dark grey tiles with white safety lines. A person in a dark shirt and jeans is walking away from the camera on the left side of the corridor. The walls are white with various notices and posters.	 The same hospital corridor as in the 'Before' image, but now it is completely clean and shiny. The floor reflects the overhead lights. A person in a light blue uniform is visible in the distance, and the overall appearance is much brighter and more polished.
CCU-2  A photograph of a hospital ward with several beds. The floor is light-colored with white safety lines. The room appears somewhat cluttered with medical equipment and papers.	 The same ward after cleaning. The floor is now spotless and highly reflective. The beds and equipment are neatly arranged, and the overall environment looks much more hygienic and organized.
5th Floor Ward  A photograph of a large hospital ward with many beds. The floor is dark with white safety lines. The room looks like it has been recently cleaned but still has some items on the floor.	 The same ward after a thorough cleaning. A person in a blue uniform is seen mopping the floor. The floor is now very clean and shiny, and the room appears more orderly.
Outer Area  A photograph of an outdoor area with a concrete floor. A person in a light blue uniform is sweeping the ground. There are potted plants along the edge and a metal gate in the background.	 The same outdoor area after cleaning. The concrete floor is now clean and free of debris. The potted plants and the gate are still visible, and the overall area looks well-maintained.
